### Objective

---

Do you have an independent life insurance agent? I would like to apply for the job.

### Summary of Qualifications

---

Knowledgeable life insurance professional with experience in both personal and business environments. Proven ability to solve larger financial problems faced by every American, be it dying too soon, living too long, or running out of money during retirement.

I have fourteen years of experience as an emergency department pharmacist. I see the unfortunate happen in my day-to-day work and want to ensure everyone has planning and protection in place.

### Professional Experience

---
